Welcome to Online & Continuing Education

The Division of Online & Continuing Education at Weber State University is here to serve you! Our mission is to extend lifelong learning opportunities beyond the traditional campus.

Whether your educational goal is to take a writing class, start a small business or finish your degree, we provide the classes you need close to where you live and work at times that fit your busy life.

With campuses in Ogden and Layton, centers in Roy, Farmington, Clearfield and Morgan, and our Community Education Center in central Ogden, we are always just around the corner. You don’t even have to leave home to take classes through WSU Online, with courses and full degrees offered anywhere, day or night.

So never stop learning — we’ve got something for everyone in our new fall 2018 class schedule.

Sincerely,
Bruce Davis, Ph.D.
Dean of Online and Continuing Education

Webster State University Division of Online and Continuing Education

MISSION
Extending lifelong learning opportunities beyond the traditional campus.

### ARTS & HOBBIES

#### PHOTOSHOP BASICS

**Kent Ripplinger**

Make the most of your photos! We will focus on camera overview, importing options and Photoshop basics including image editing and manipulation and project printing. Course fee includes $50 toward lab fees and printing supplies.

**F** | Sept. 21–Oct. 26 | 6–8 p.m. | $135

Ogden campus

#### INTRO TO DIGITAL PHOTOGRAPHY

**Rick Egan**

Learn basic strategies to capture professional-quality images. Topics include camera handling, photo composition, effective use of light and file management. In addition to Wednesday classes, we will have one Saturday or evening practice shoot arranged in class.

**W** | Sept. 12–Oct. 3 | 6–8 p.m. | $69

Weber State Farmington Station

#### DIGITAL ILLUSTRATION

**Joshua Petersen**

Learn how to enhance your illustrations using digital tablets, creative software and current illustration techniques through short lectures followed by hands-on assignments. Explore the many advantages of using creative software as a way to expand your skill set and take your illustrations to the next level. Topics will include how to set up a composition, use Photoshop, paint digitally using tablets and design layouts using text to complete the illustration. Ages 16 and up.

**S** | Sept. 15–Nov. 3 | 6–8 p.m. | $95

Ogden campus

#### HOLIDAY UKRAINIAN EGG DECORATING

**Anneli Byrd**

Learn to make beautiful Ukrainian eggs just in time for the holidays. In Ukraine, eggs are not just given at Easter time, but as gifts for any occasion. This traditional craft is easy to learn and produces lovely results. Artistic talent not required, just a willingness to learn. All supplies provided.

**Th** | Nov. 8 | 6–9 p.m. | $55

Ogden campus
ASTROPHOTOGRAPHY
MYRANDA HACKLEY
Enjoy a night under the stars — and remember it, too! In astrophotography, you will learn how to turn the night sky into a photograph you can keep forever. Study the basics and take photos in a dark sky area and practice editing your photos. Late evening photo shoots at a dark sky location on Sept. 29 and Oct. 6. Times and locations to be determined.
F, S | Sept. 28–Oct. 6 | First class 6–8 p.m. | $59
Center for Continuing Education, Clearfield

WATERCOLOR I
BRADLEY CLARK
Create your own watercolor masterpiece. You will learn about materials, properties and techniques through in-class exercises and at-home practice. By the end of the course, your art collection will include still life, abstract and landscape paintings. You must provide your own materials (list provided online).
W | Sept. 26–Oct. 10 | 7–9 p.m. | $69
Center for Continuing Education, Clearfield

WATERCOLOR II
BRADLEY CLARK
Learn advanced watercolor properties and techniques in class and at home. In-class assignments will allow you to explore landscape, abstract and still life painting techniques. You must provide your own materials (list provided online).
W | Oct. 17, 24 & Nov. 7 | 7–9 p.m. | $69
Center for Continuing Education, Clearfield

PORTRAIT PHOTOGRAPHY
SARA LLEVERINO
Turn your snapshots into great portraits as you learn the basics of portrait photography, including camera settings, composition and how to take advantage of natural light. Once you have learned the basics, you will do a live shoot to put your skills into action. Then you’ll head back to the classroom to edit your photos and add the finishing touches.
W | Sept. 19–Oct. 10 | 6–8 p.m. | $59
Center for Continuing Education, Clearfield

ILLUSTRATION FUNDAMENTALS: HOW TO BECOME A FREELANCE ILLUSTRATOR
JOSHUA PETERSEN
Join this creative, practical class for all levels of artists who want to improve their illustration skills. Learn how to create a marketable style that will grab attention and attract clients. You will learn professional illustration techniques through hands-on application and creative exercises. Topics include how to illustrate a dynamic composition, create an online presence and find clients in today’s world of expanding social media. Bring a sketch pad, pencil, eraser and one to three of your own compositions. Class skips Oct. 31.
W | Sept. 12–Nov. 7 | 6–8 p.m. | $85
Ogden campus

WILDLIFE PHOTOGRAPHY
GARY STEWART
A good wildlife photograph can be breathtaking. Come learn how to achieve visually stunning results every time you snap a picture. You’ll learn the basics of wildlife photography, interact with fellow photographers and participate in a field trip. Course will include three lecture classes with a Saturday photo shoot.
Th | Sept. 20–Oct. 4 | 7–8:30 p.m. | $79
Center for Continuing Education, Clearfield

WATERCOLOR II
BRADLEY CLARK
Learn advanced watercolor properties and techniques in class and at home. In-class assignments will allow you to explore landscape, abstract and still life painting techniques. You must provide your own materials (list provided online).
W | Oct. 17, 24 & Nov. 7 | 7–9 p.m. | $69
Center for Continuing Education, Clearfield

PORTRAIT PHOTOGRAPHY
SARA LLEVERINO
Turn your snapshots into great portraits as you learn the basics of portrait photography, including camera settings, composition and how to take advantage of natural light. Once you have learned the basics, you will do a live shoot to put your skills into action. Then you’ll head back to the classroom to edit your photos and add the finishing touches.
W | Sept. 19–Oct. 10 | 6–8 p.m. | $59
Center for Continuing Education, Clearfield

ILLUSTRATION FUNDAMENTALS: HOW TO BECOME A FREELANCE ILLUSTRATOR
JOSHUA PETERSEN
Join this creative, practical class for all levels of artists who want to improve their illustration skills. Learn how to create a marketable style that will grab attention and attract clients. You will learn professional illustration techniques through hands-on application and creative exercises. Topics include how to illustrate a dynamic composition, create an online presence and find clients in today’s world of expanding social media. Bring a sketch pad, pencil, eraser and one to three of your own compositions. Class skips Oct. 31.
W | Sept. 12–Nov. 7 | 6–8 p.m. | $85
Ogden campus
CALLIGRAPHY

JANICE JONES

Calligraphy is the art of hand lettering. We will learn the basic forms of both Roman and Uncial lettering styles, and play with variations through practice and projects. Develop a good foundation to take your writing to the next level.

Th | Sept. 13–Oct. 18 | 6:30–8:30 p.m. | $45
Ogden campus

ANIMATED FILMMAKING

SCOTT WISER

For hobbyists, animation enthusiasts and potential professionals. Get insight into the process of making an animated film from pitch to final film. Learn about the required skills and pathways to a successful career in animation. Get a taste of some fun animation and character design basics!

S | Oct. 6–Nov. 3 | 1–3 p.m. | $79
Ogden campus

CRIMINAL PROFILING

JOHN SOUTH

Criminal profiling involves investigating crimes with the hope of identifying the responsible party based on crime scene analysis, investigative psychology and behavioral science. Study the profiles of serial killers like Ted Bundy and learn why the best predictor of future behavior is past behavior.

W | Sept. 5–Oct. 3 | 6–8 p.m. | $49
Ogden campus

MIXED MEDIA STILL LIFE PAINTING

LISA QUAGLIOZZI

Work from still life objects, photos and your imagination. You will learn how to layer color, stencil and design surface textures using a variety of water-based paints and media. Bring a photo of your favorite place or landscape and take home a completed panel. We will use still-life objects from around the studio, but feel free to bring a favorite unusual object to paint. Painting supplies and panels will be provided.

S | Oct. 6 | 10 a.m.–1 p.m. | $55
Ogden campus

CREATING COMICS AND GRAPHIC NOVELS

CHRIS BODILY

Bring your doodles to life in a world of your own creation. Explore the fundamentals of graphic narratives, and discuss them as both art and literature. This course will also guide you through the creation of your own graphic novel or comic. All skill levels welcome.

Th | Oct. 4–Nov. 1 | 6–8 p.m. | $85
Ogden campus

GREAT, SWELL AND PEDAL: A “CRASH COURSE” FOR THE CHURCH ORGANIST

RULON CHRISTIANSEN

This workshop will cover the various aspects involved in playing for church services such as how to make the most of your organ, congregational hymn accompaniment, creating an organ prelude from hymns in the hymnal for chapel or temple, pedal technique, useful service organ music and expressive playing at the organ.

S | Sept. 8 | 10 a.m.–4 p.m. | $69
Ogden campus
CAKE DECORATING I - BUILDING BUTTERCREAM SKILLS
HEATHER MILLER
Build a variety of basic cake decorating skills featuring buttercream icing. Whether you are new to cake decorating or have been decorating for years, when you have completed this class you will have the skills to make buttercream icing, understand the Wilton Method of cake decorating and put the method into practice. A baking overview will include tips on how to bake a great cake and baking troubleshooting. Provide your own supplies.
T, Th | Sept. 4–13 | 6–8 p.m. | $59
Center for Continuing Education, Clearfield

CAKE DECORATING II - FLOWERS AND CAKE DESIGN
HEATHER MILLER
Completion of Building Buttercream Skills or a good knowledge of basic cake decorating skills is recommended. Learn a variety of decorating skills using royal icing including piping flowers, borders and lacework. Provide your own supplies.
T, Th | Oct 2–11 | 6–8 p.m. | $59
Center for Continuing Education, Clearfield

CAKE DECORATING III - FONDANT AND GUM PASTE
HEATHER MILLER
In this class you will learn a variety of decorating skills using fondant and gum paste including handling, tinting, flowers, borders and fondant painting. Provide your own supplies.
T, Th | Nov. 6–15 | 6–8 p.m. | $59
Center for Continuing Education, Clearfield

ASTRONOMY: THE CONSTELLATIONS
STACY PALEN
Since early history, people all over the world have matched myths and stories to patterns in the night sky. Each night we will focus on a handful of seasonal constellations, learning to find the patterns in the sky and sharing stories about them. Weather permitting, after class we will proceed to the new public observatory in the Tracy Hall Science Center to practice finding objects in the night sky.
W | Sept. 19–Oct. 3 | 6–8 p.m. | $59
Ogden campus
WHAT IS BITCOIN?

DAVE TAYLOR

Learn about bitcoin and other cryptocurrencies in a friendly, humorous environment. In this course, designed for those who know little or nothing about cryptocurrency, discuss what bitcoin is and how to use it.

T | Sept. 18–25 | 6–7:30 p.m. | $45
Center for Continuing Education, Clearfield

INTRO TO MICROSOFT OFFICE

SHERRI MELTON

Learn beginning computer basics — including how to use email, browse the Internet, protect your personal information, install new software, and use Microsoft Word, Excel and PowerPoint — in a fun environment. Instructor is English-Spanish bilingual. Seating is limited, so enroll early to reserve your spot.

W | Oct. 3–24 | 6–8 p.m. | $45
Ogden campus

EASY INTRO TO COMPUTERS - BILINGUAL

GEORGE BAZAES

Master computer basics in a fun environment. Empower yourself as you learn Microsoft Office fundamentals and how to use email, write letters and prepare a budget. Classes available in English and Spanish. Enroll early to reserve your spot.

M | Sept. 10–Oct. 1 | 6–8 p.m. | $49
Center for Continuing Education, Clearfield

INTRO TO MICROSOFT EXCEL - BILINGUAL

GEORGE BAZAES

Learn how to use Microsoft Excel effectively for any project. In this course you will use the necessary tools to organize information, use mathematical formulas, graphics, macros and much more. Some exposure to Excel is recommended, but all skill levels are welcome. Experienced instructor is English-Spanish bilingual.

M | Nov. 19–Dec. 3 | 6–8 p.m. | $39
Center for Continuing Education, Clearfield

EBAY FOR PROFIT AND FUN

CRAIG LAROCO

Turn those extra household items into cash with this two-hour class that will teach you how and where to find merchandise to sell, how to write concise, accurate descriptions and how to take quality marketplace photos. We offer tips on trending items and successful ways to run a part-time eBay business. Please come to class with PayPal and eBay accounts already set up.

M | Oct. 1–15 | 6–8 p.m. | $55
Center for Continuing Education, Clearfield

SIMPLY CODING

Have you ever wanted to develop your own website, create Minecraft mods or your own apps and games? With Weber State University and Simply Coding, you can advance through four levels of coding classes, learn at your own pace and get live chat and in-person instructor help. Get complete 24/7 online access to all the lessons and mentoring for one full year for just $99. Upon completion of the program, you will be ready to enter AP and Concurrent Enrollment computer science classes in high school with a custom portfolio of work. No prior coding experience required. For students 11+

At Your Own Pace | Online | $99

Ogden campus

Salsa/Bachata
M | Oct. 29–Nov. 19 | 6–7:30 p.m. | $75/couple
Ogden campus

FLY FISHING

CHRIS BAILEY

Learn fishing techniques from an experienced angler. You will learn fly casting techniques, reading the river, streams and lakes, understanding hatches and weather, basic fishing techniques, mending methods and why we do it, setting and playing trout and the proper way to handle trout and release them to fight again, both in-class and on the river.

First session in class with subsequent classes at fishing locations. You must provide your own transportation, fishing tackle and Utah angling permit (required).

S | Oct. 27–Nov. 17 | 10 a.m.–2 p.m. | $89
Center for Continuing Education, Clearfield

ANTELOPE ISLAND WILDLIFE AND HISTORY TOUR

JEFF STUART

Join us for a full day on Great Salt Lake's largest island and learn about its history, geography and wildlife. The day will include a trip to the historic Fielding Garr Ranch, a stop at the interactive visitors center and a short hike to a scenic vantage point.

S | Oct. 13 | 7:30 a.m.–4 p.m. | $45
Meet at the parking lot just outside the main gate of Antelope Island State Park and board Weber State University bus.

WEBER.EDU/CENTERS

10 More Minutes

Taking classes at one of the WSU Centers means you won’t have to get up early to fight traffic or search for parking.

GET YOUR START Right Here
ADVANCED BEEKEEPING

RICHARD HOMER

If you have one or more beehives and lots of questions, this course will delve into important fundamentals and advanced tactics to help your colonies survive and thrive. We will discuss preparations for winter, honey bee anatomy, disease and pest recognition and treatments, swarm control, splitting colonies, re-queening, increasing honey production and more.

T | Sept. 11-Oct. 2 | 6:30–8:30 p.m. | $59
Center for Continuing Education, Clearfield

HIKING LOCAL TRAILS

JEFF STUART

Amazing hikes are just minutes from home. In this class you will learn about urban, rural and wilderness trails. Participants will hike three different trails — Beus Canyon, Waterfall Canyon and Malan’s Peak — on three different evenings. Come explore local beauty during early fall when the leaves are just beginning to change. First hike meets at the Beus Trailhead parking lot at the far east end of 4600 South in Ogden.

W | Sept. 5–19 | 6–8:30 p.m. (approximate) | $45
Location varies. See website for details continue.weber.edu/communityed

BASIC SELF DEFENSE

JOHN SOUTH

Learn Hapkido, a Korean martial art that focuses on self-defense through redirecting force and using leverage, footwork, pressure points and coordinated energy to gain advantage over an opponent without using brute strength.

T | Sept. 4–25 | 6–8 p.m. | $45
Ogden campus

TRADITIONAL CHINESE DANCE

XIAOCUI LI

Delve into Chinese culture and history as you learn the basic steps and movements of this ancient art form from a professional Chinese dance instructor. Explore centuries-old traditions through meditative breathing and rhythmic energy exercises. Chinese dance is a low-exertion physical exercise alternative to yoga or Tai Chi. All ages and skill levels welcome.

Th | Oct. 18-Nov. 15 | 6–7:30 p.m. | $49
Ogden campus

Class has been postponed until Spring 2019.
HEALTHY LIVING

COOKING FOR THE HEALTH OF IT
(SERIES OF 4)
INSTRUCTOR VARIES
Led by WSU's nutrition program, this four-week series of hands-on cooking classes will include Food as Medicine, Veggie Sushi Social, Cooking Under Pressure and Anti-inflammatory Cooking. Register for all four sessions for $220 or individual classes for $60 each.

Th | Oct. 4–25 | 6–8 p.m. | $60/session or $220/four sessions
Davis campus

ANTI-INFLAMMATORY FOOD PREPARATION
JANNA TROVATO
This food prep class focuses on the anti-inflammatory diet for those who suffer from chronic inflammation. You will learn about definitions, benefits and common foods of the diet and also prepare an anti-inflammatory meal. With this class you can begin to take better care of yourself and those you love.

Th | Oct. 11 | 6–8 p.m. | $60
Davis campus

FOOD AS MEDICINE
JANNA TROVATO
Discover the amazing power that food has to promote your health. Prepare healthy dishes to highlight different foods and their nutritional values. Resources about the foods will also be provided to you to help you make healthy choices.

Th | Oct. 18 | 6–8 p.m. | $60
Davis campus

VEGGIE SUSHI SOCIAL
MONICA ROMNEY
The sushi social teaches you how to prepare your own sushi, sticky rice and wasabi. Learn to analyze the nutritional profile of food you prepare. As an added bonus, take home recipes so you can recreate what you made for your friends and family.

Th | Oct. 25 | 6–8 p.m. | $60
Davis campus

COOKING UNDER PRESSURE
HEIDI JENKINS-COSTELLO
Discover the health benefits and time savings of pressure cooking. Safe, modern models are much improved over the old-fashioned hissers, and pressure cooking is making a dramatic comeback. Learn the basics of pressure cooking and take home delicious, healthy pressure cooker recipes.

Th | Oct. 4 | 6–8 p.m. | $60
Davis campus

VEGGIE SUSHI SOCIAL
MONICA ROMNEY
The sushi social teaches you how to prepare your own sushi, sticky rice and wasabi. Learn to analyze the nutritional profile of food you prepare. As an added bonus, take home recipes so you can recreate what you made for your friends and family.

Weber State University now offers six online, self-paced courses for you to expand your computer literacy skills. You will have unlimited access to video-based instruction and work-based projects and assessments. You can start and finish each course at your own pace within a six-month window.

CLC 0100 | USING A COMPUTER | $59
You will learn how to use computers, email and operating systems. You will also learn basic components of Windows, the Internet, file and folder management, information security, ethics and international computer issues.

CLC 0101 | DOCUMENT CREATION | $79
You will learn basic skills in Microsoft Word including creating, editing and retrieving documents; copying, pasting and formatting text; inserting and placing graphics; spell checking, saving and printing documents; and creating and editing tables and basic table formulas.

CLC 0102 | SPREADSHEET CREATION | $89
You will learn the basics you need to use and understand Microsoft Excel. You will learn to create, enter and format data in a spreadsheet. You will be able to change and format information, understand AutoSum, enter and copy functions and formulas and know basic formulas for percentage and markup. You will also create graphs and format charts to represent spreadsheet data.

CLC 0103 | PRESENTATION CREATION | $69
You will learn the basics of Microsoft PowerPoint including how to create presentations and use design templates and elements like titles, bulleted lists, clipart and animated GIFs. Students also will learn how to modify presentations by adding slides, formatting text and adding animation effects, movie and audio clips and data charts. We will focus on slide design and animating slide elements.

CLC 0202 | ADVANCED SPREADSHEET CREATION | $99
You will develop your Microsoft Excel skills by learning to format tables, enhance and print charts and maps, use advanced functions and use Excel to manage multiple files and worksheets. You will learn how to create a database, extract records from the database, set up macros to automate repetitive tasks and set up pivot tables that allow you to analyze data from different views.

CLC 0203 | ADVANCED PRESENTATION CREATION | $89
You will learn how to modify an existing presentation using bullets, format painter, master slides and style checker. You will also learn how to incorporate images like clipart, bitmap and vector graphics, draw objects and apply a template and color scheme. You will also learn how to save presentations as webpages and package a presentation for CD.

Professional Development Class Registration Opens Sept. 15, 2018 — Visit weber.edu/CLCregistration to get started!

**FINISH YOUR DEGREE AT WEBER**

**Flexible Course DELIVERY OPTIONS**

**EVENING** Work during the day or too busy caring for your family? Weber State offers evening classes at multiple campus locations.

**ONLINE** From the comfort of your own home or your favorite coffee shop, you can earn your degree online. We have several fully online programs and hundreds of individual online classes to choose from.

**INDEPENDENT STUDY** These are online classes that can be started anytime; there’s no waiting for the next semester to start. You can breeze through classes in just a few weeks or take up to six months to finish.

**ACCELERATED HYBRID** Classes are completed in just seven weeks. With one night on campus per week, per class, you do the rest of the work online. It’s a great way to cruise through your general education requirements.

**OFF CAMPUS** Complete your general education requirements close to where you live and work! Weber has three centers that provide the classes you need: West Center (Roy), Farmington Station and Morgan Center. Enjoy free parking, convenient locations, morning classes and even student services such as testing. Check out the location nearest you to see what it has to offer!
