Dr. Brad Mortensen

Best,

And when you choose Weber, we are going to make your dreams happen. Let Weber State’s Division of Online & Continuing Education help you make it happen!

Here at Weber, we offer you the dream class at the dream time at the dream place. You get to choose what works for you and your family, whether that’s taking courses online or at one of our multiple campuses and centers in Ogden, Layton, Roy, Farmington, Clearfield and Morgan.

What all of this convenience really means is that “We Are Weber,” a learning community where we are willing to go to any length to help students accomplish things they’ve only dreamed of accomplishing.

And when you choose Weber, we are going to be LOUDER and PROUDER about your accomplishments.

Best,

Dr. Brad Mortensen
President

Online Computer Literacy Courses

Weber State University now offers six *online, self-paced* courses for you to expand your computer literacy skills. You will have unlimited access to video-based instruction and work-based projects and assessments. You can start and finish each course at your own pace within a six-month window.

**CLC 0100 | USING A COMPUTER | $59**
Learn how to use computers, email and operating systems. Study basic components of Windows, the internet, file and folder management, information security, ethics and international computer issues.

**CLC 0101 | DOCUMENT CREATION | $79**
Learn basic skills in Microsoft Word, including creating, editing and retrieving documents; copying, pasting and formatting text; inserting and placing graphics; spell checking, saving and printing documents; and creating and editing tables and basic table formulas.

**CLC 0102 | SPREADSHEET CREATION | $89**
Learn the basic tools you need to use and understand Microsoft Excel. Explore how to create, enter and format data in a spreadsheet. You will be able to change and format information, understand AutoSum, enter and copy functions, and create basic formulas for percentage and markup. You will also create graphs and format charts to represent spreadsheet data.

**CLC 0103 | PRESENTATION CREATION | $69**
Learn the basics of Microsoft PowerPoint, including how to create presentations and use design templates and elements like titles, bulleted lists, clip art and animated GIFs. Also practice modifying presentations by adding slides, formatting text and adding animation effects, movie and audio clips, and data charts. Focus on slide design and animating slide elements.

**CLC 0202 | ADVANCED SPREADSHEET CREATION | $99**
Develop your Microsoft Excel skills by learning to format tables, enhance and print charts and maps, perform advanced functions, and manage multiple files and worksheets. Learn how to create a database, extract records from the database, set up macros to automate repetitive tasks and set up pivot tables that allow you to analyze data from different views.

**CLC 0203 | ADVANCED PRESENTATION CREATION | $89**
Learn how to modify an existing presentation using bullets, format painter, master slides and style checker. Also practice incorporating images like clip art, bitmap and vector graphics; drawing objects; and applying a template and color scheme. Learn how to save presentations as webpages and package a presentation for CD.

FINISH YOUR DEGREE AT WEBER
Flexible COURSE DELIVERY OPTIONS

EVENING Work during the day or busy caring for your family? Weber State offers evening classes at multiple campus locations.

ONLINE From the comfort of your own home or your favorite coffee shop, you can earn your degree online. We have several fully online programs and hundreds of individual online classes to choose from.

INDEPENDENT STUDY These are online classes that can be started anytime; there’s no waiting for the next semester to start. You can breeze through classes in just a few weeks or take up to six months to finish.

ACCELERATED HYBRID Classes are completed in just seven weeks. With one night on campus per week, per class, you do the rest of the work online. It’s a great way to cruise through your general education requirements.

OFF CAMPUS Complete your general education requirements close to where you live and work! Weber has three centers that provide the classes you need: West Center (Roy), Weber State Farmington Station and Morgan Center. Enjoy free parking, convenient locations, morning classes and even student services such as testing. Check out the location nearest you to see what it has to offer!

Weber State University LOCATIONS

- **West Center**: Weber State West Center in Roy offers general education courses, a testing center, computer lab and advising support.
- **Community Education Center**: The CEC is for anyone looking to earn a degree. Our bilingual staff members are dedicated to helping underrepresented community members gain access to higher education.
- **Center for Continuing Education**: The CCE provides businesses and residents a place to pursue personal and professional interests through training and continuing education. It is also the home of WSU’s Law Enforcement Academy.
- **Davis Campus**: WSU Davis in Layton is a full-service campus but on a smaller scale. Take a few courses or complete an entire degree. Day and evening classes available.
- **Farmington Station**: Weber State Farmington Station offers concurrent enrollment, general education courses, and master’s and professional programs.
- **Ogden Campus**: The Ogden campus is WSU’s oldest and largest campus, offering day and evening classes.
- **Morgan Center**: The Weber State Morgan Center focuses on general education and concurrent enrollment courses. It is an educational resource for Morgan, with a testing center and computer lab.
