With Crisis Comes Opportunity

We here at WSU Community Education tend to look for the silver linings.

For instance, the chaos that COVID-19 wrought also forced us to become more innovative with our courses. We delved into online course delivery, and we learned new ways of working around restrictions. Yes, the pandemic has been tough, but it's also been a reason to find new opportunities.

In this summer's catalog, alongside the many online and in-person courses on subjects from painting your pet to papier

mâché, you'll find a new series of courses that enable you to dabble without a big commitment: One Night Only!

These night courses are big on fun but low on commitment and cost. For only \$25, you can pick from five courses that range from reading a river to creating with clay. See our ad on page 6.

Whether it's one night at a time or over several months, we hope you never stop learning. We know we won't.

— The WSU Community Education Team

Weber State University – (USPS PE16-576)(Volume 7, May 15, 2021) is published a total of four times per year — typically during the months of January, April, June and August — by the staff of Weber State University, 3848 Harrison Blvd., Ogden, Utah 84408. Application to mail at periodical postage rates is approved at Ogden, Utah, and additional mailing offices. POSTMASTER: Send address changes to Weber State.

In compliance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) for a course should contact Disability Services at 801-626-6413 or email dsc@weber.edu. Due to the nature of these courses, please provide at least one to two weeks' notice whenever possible.

ARTS & HOBBIES

BEGINNING DRAWING: YOU, TOO, CAN LEARN TO DRAW

CHRIS BODILY

Explore the fundamentals of drawing, including shape, lines, values, composition and construction. Perfect for beginners. No experience necessary. Visit weber.edu/communityed for a supply list.

W | June 9-July 14 (Skip July 7) | 6-7:30 p.m. | \$89 | Online

BEGINNING HUMAN & ANIMAL FIGURE DRAWING

CHRIS BODILY

Learn how to sketch human and animal figures, including action sequences, and discover your hidden talents. No previous art experience is required. Bring your sketchpad and pencil.

W | July 21-Aug. 11 | 6-7:30 p.m. | \$79 | Online

HOW TO CREATE CARTOONS & GRAPHIC NOVELS

CHRIS BODILY

Bring your doodles to life in a world of your own creation. Explore the fundamentals of graphic narratives, and discuss them as both art and literature. Create your own graphic novel or comic while receiving guidance from a seasoned, skilled professional. All skill levels are welcome.

W | Aug. 18-Sept. 8 | 6-7:30 p.m. | \$79 | Online

A NIGHT OF WATERCOLOR

ALISHA JOHNSON

One night only! Spend three hours learning in the privacy of your own home as you discover step-by-step techniques in this online watercolor class. You'll have ample opportunity to ask plenty of questions as you paint along with the instructor and other students. Visit weber.edu/communityed for a supply list.

W | June 30 | 6-9 p.m. | \$25 | Online

Looking for
cooking courses?

See page 7.

PAINT YOUR PET

LISA QUAGLIOZZI-DALY

One night only! Take a photo, make a black-and-white copy and transfer to a panel to preserve that special pooch. In this one-day seminar, you will learn how to create a unique portrait that is a perfect blend of painting and multimedia techniques in a variety of styles. All skill levels are welcome. Visit weber.edu/communityed for a supply list.

S | July 10 | 10 a.m.-1 p.m. | \$69 | Online

BACKYARD BLISS: A LANDSCAPE-PAINTING STUDY

LISA QUAGLIOZZI-DALY

Capture the beauty of your backyard or area of relaxation by drawing and painting from life. Find a special tree, plant, window box or patio garden to study.

S | June 19-26 | 10 a.m.-1 p.m. | \$69 | Online

WORKING WITH CLAY: PINCH-POT CREATURES

LISA QUAGLIOZZI-DALY

One night only! Learn the basic method of building up from a hollow form. In this two-hour workshop, students work from a simple sketch and create a creature using air-dry clay.

W | July 14 | 6-8 p.m. | \$25 | Online

WORKING WITH CLAY: COIL OPEN POT VESSEL

LISA QUAGLIOZZI-DALY

One night only! Students work to construct a coil pot from a culture of their choice. We will use scribe, pattern and sgraffito carving techniques.

W | July 21 | 6-8 p.m. | \$25 | Online

HOW TO MAKE & UPLOAD YOUTUBE VIDEOS

JAMES MCCALLISTER

Learn the basics of making and uploading YouTube videos. Produce and edit audio, stills, thumbnails and video. Upload and analyze your video on YouTube.

M | Aug. 2-30 | 6:30-8:30 p.m. | \$79 | Center for Continuing Education

ACTION PHOTOGRAPHY

RICK EGAN

Some moments, like birds in flight or a winning jump shot, are best captured in motion. This class will teach you how to take candid pictures of events as they happen. Come learn how to use your camera to take a great action shot—every time. A photo shoot will be arranged during class.

W | June 9-30 | 6-8 p.m. | \$79 | WSU Farmington Station

DIGITAL PHOTOGRAPHY BASICS

SARA LLEVERINO

Build a solid foundation in digital photography and begin capturing quality images. Explore camera handling, settings, photo composition, effective use of light and file management. Have your digital camera handy to explore its features.

Th | June 10-July 1 | 6-8 p.m. | \$75 | Online

FANCY BREAD-MAKING WORKSHOPS

CINDY CHILD

In three sessions, learn how to create fancy breads, including sourdough, tortillas, and cream puffs. The sourdough session will coach you on how to make great sourdough bread and maintain the starter. Then create amazing flour tortillas and chips that cost pennies to create. Finally, discover the art of making cream puffs, eclairs and churros.

Th | Aug. 5-19 | 6:30-8 p.m. | \$79 | Online and limited face-to-face, Ogden

PHOTOSHOP BASICS

SARA LLEVERINO

Start from the beginning by learning how to open Photoshop, then explore the software's tools. Next, make your images really stand out with more advanced techniques such as layers, masks, blending modes, selections, creative effects, overlays, compositing and more. Students should have basic computer operation skills. Visit weber.edu/communityed for software needs.

Th | July 29-Aug. 19 | 6-8 p.m. | \$69 | Online

UKRAINIAN EGG DECORATING

ANNELI BYRD

One night only! Learn to make beautifully decorated eggs, which, in Ukraine, are often given as gifts for many occasions (not just Easter). Ukrainian egg decorating is easy to learn and produces lovely results. All skill levels are welcome; just come with a willingness to learn. Materials will be provided. Visit weber.edu/communityed for course details.

F | June 18 | 6-9 p.m. | \$59 | Ogden Campus

JEWELRY MAKING

RENE VENEGAS

Learn the history, fundamentals and techniques of making silver and gold jewelry. In this face-to-face class, draw and design jewelry, and make a ring, necklace or pair of earrings. Visit weber.edu/communityed for information on buying silver and stones for the class.

T | June 15-29 | 6-8 p.m. | \$79 | Ogden Campus

DEEP-SKY ASTRO-PHOTOGRAPHY

JONATHAN RIZZO

Explore the art of astrophotography as you learn to take up-close images of deep-sky objects including nebulae, star clusters and galaxies. Discover how to set up equipment, take photos, and process images to make beautiful, deep-sky photographs. All equipment will be provided. You may use your own camera. (Options are discussed during the first class). During the first class, we will determine the suggested times for subsequent classes. Class times could be based on night sky/weather conditions.

F | May 28-June 18 | 6-8 p.m. | \$79 | Ogden Campus

RECREATIONAL DRONE OPERATION

DOUGLAS MANIFOLD

Do you have, or are you considering, a new drone? Don't fly it until you've had some instructions! Join this face-to-face class to learn how and where to fly.

S | July 31-Aug. 28 | 1-3 p.m. | \$95 | Ogden Campus

ASTRONOMY: THE CONSTELLATIONS

STACY PALEN

Since early history, people all over the world have matched myths with patterns in the night sky. Each night, we will focus on a handful of seasonal constellations, learning to find the patterns in the sky and sharing stories about them. After class in the Ott Planetarium (weather permitting), we will proceed to the new public observatory in the Tracy Hall Science Center and practice finding objects in the night sky.

T | Aug. 3-17 | 7-9 p.m. | \$59 | Ogden Campus

FISHING: HOW TO READ A RIVER

CHRIS BAILEY

One night only! Spend an evening online with world-renowned angler Chris Bailey. Improve your odds as you learn where fish feed, spawn and hide. Learn the do's and don'ts to effectively approaching a river and enticing a fish to strike.

W | June 23 | 7-9 p.m. | \$25 | Online

REAL CSI

JOHN SOUTH

Get a real-life glimpse into crime scene investigation and see how it compares to the

Hollywood versions. Learn how to read a crime scene, process clues, sketch and photograph crime scenes and utilize fingerprinting in solving a crime. Delve into laws of evidence, and test your skills at a mock crime scene. This class is recommended for individuals aged 16 and up.

S | June 19-July 17 (Skip July 3) | 10 a.m.-noon | \$89 | Center for Continuing Education

CRIMINAL PROFILING

JOHN SOUTH

Discover what criminal profiling involves, including crime scene

analysis, investigative psychology and behavioral science. Study why the best predictor of future behavior is past behavior, and look at in-depth profiles of serial killers. *This class is recommended for individuals ages 16 and up.*

S | Aug. 7-Sept. 4 | 10 a.m.-noon | \$89 | Center for Continuing Education

GUITAR BASICS: EARLY FUNDAMENTALS

BRIAN NIELSEN

In this beginner-level course, you will be playing from day one. Learn fundamentals designed to help you understand the guitar, and move toward playing the way you want to while having fun along the way.

Students are responsible for bringing their own guitar and The Christopher Parkening Guitar Method book and CD. Visit weber.edu/communityed for more information.

T | June 1-29 | 6-8 p.m. | \$79 | Ogden Campus

GUITAR BASICS: CHORDS & FINGER-STYLE METHODS

BRIAN NIELSEN

Get ready to perform basic chord changes and fingerpick simple tunes. This class is an introduction to chords and some fingerstyle play. Gain confidence by building upon the techniques and lessons we learned in the beginning class. If you already know a few basic chords, this course is your next step.

Students are responsible for bringing their own guitar and The Christopher Parkening Guitar Method book and CD. Visit weber.edu/communityed for information.

T | July 6 -Aug. 3 | 6-8 p.m. | \$79 | Ogden Campus

SUMMER BEEKEEPING

RICHARD HOMER

One night only! Strengthen your hives and queen bees by

learning more about summer beekeeping concerns like inspections, pests and diseases. Prepare for your late-summer honey harvest by studying up on equipment, processes and techniques for marketing your honey.

S | June 5 | 9 a.m.-1 p.m. | \$49 | Center for Continuing Education

THE ART OF PAPIER MÂCHÉ

MARIA CRISTINA ESTRADA

Learn about the art, techniques, and cultural history of this versatile

craft. Get ready to layer, sculpt, paint and finish with readily available materials. Make a variety of three-dimensional art and home décor objects. The instructor will provide molds and supplies.

F | June 11-25 | 6:30-8:30 p.m. | \$69 | Community Education Center

Looking for Children's Book Illustration and Design?

See page 10.

CULTURE & LANGUAGE

INTRODUCTION TO BUDDHIST PHILOSOPHY

MIKE MONSON

Understand the basic teachings of Siddhartha Gautama, the Buddha. While some history of the Buddha's life is necessary to understand his teachings, this course will largely examine the teachings themselves. You will learn of the early background, life of the Buddha, the Dharma underpinnings and meditation, the Four Noble Truths, and the Eightfold Path. *Two textbooks are required. See weber.edu/communityed for text information.*

Th | June 10-Aug. 12 | 6:30-8 p.m. | \$89 | Online

EASY SPANISH FOR TRAVELERS

GEORGE BAZAES

Learn the vocabulary you need to be comfortable speaking Spanish at an airport, tourist information desk or restaurant.

M | July 12-Aug. 16 | 6-8 p.m. | \$89 | Online

EASY CHINESE (MANDARIN) FOR TRAVELERS

MEI LONG, VISITING PROFESSOR FROM CHINA

Learn the vocabulary you need to be comfortable speaking Mandarin at an airport, tourist information desk, hotel or restaurant. Speak the basic Chinese phrases that tourists going to China can use.

T | July 27-Aug. 24 | 6-8 p.m. | \$69 | Online

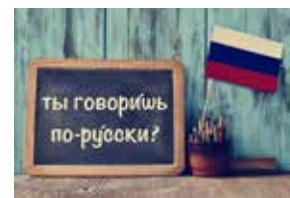

UNDERSTANDING CHINESE CULTURE & CUSTOMS

MEI LONG, VISITING PROFESSOR FROM CHINA

Learn about the current Chinese culture and customs from our own visiting scholar from Chongqing, China. She will be with us just until the end of the year, so come now to learn from this wonderful professor.

M | Aug. 2-23 | 6:30-8 p.m. | \$59 | Online

RUSSIAN FOR BEGINNERS — NEXT LEVEL

IRINA MCLAUGHLIN

Take your Russian language skills to the next level. Learn to make and understand simple conversations about your family, interests and daily lives. Discover some basic grammatical notions and elements of Russian culture.

T | July 6-Aug. 10 | 6-8 p.m. | \$79 | Online

HEALTHY LIVING

HOW TO COPE WITH STRESS (FREE COURSE SERIES!)

STUART BOYD, DIRECTOR, UTAH STRONG RECOVERY PROJECT

Learn how to weather crises through four separate modules: Managing Stress During the Pandemic, Understanding Stress and How it Affects Your Body, Mindfulness, and Six Ways to Manage Stress.

Th | June 3-24 | 6-8 p.m. | No Cost | WSU Ogden Campus /Online

COOKING FOR THE HEALTH OF IT (SERIES OF 4)

VARIOUS INSTRUCTORS

This four-session, hands-on cooking series includes Anti-Inflammatory Food Prep; Mediterranean Diet Food Prep; Baby & Infant Weaning, Cooking & Feeding; and Latin American Cooking. Registration is \$240 for all four classes. Each class individually is \$60.

M | June 7-28 | 6-8 p.m. | \$240 | WSU Davis

ANTI-INFLAMMATORY FOOD PREPARATION

JANNA TROVATO

Class one of the series

Prepare a meal and learn about the definitions, benefits and common foods of an anti-inflammatory diet. Begin to take better care of yourself and those you love.

M | June 7 | 6-8 p.m. | \$60 | WSU Davis

HEALTHY TRADITIONAL MEXICAN COOKING

DAVID AGUILAR-ALVAREZ

Class two of the series

You can have it all. Mexican cooking can balance nutrition, flavor and fun. Learn tips, tricks and recipes in this healthy cooking class.

M | June 14 | 6-8 p.m. | \$60 | WSU Davis

FEEDING YOUR BABY RIGHT FROM THE FIRST BITE

CHRISTINA AGUILAR

Class three of the series

Begin your baby's solid-food journey safely and confidently. Learn what to feed your baby so they get all of the nutrients needed to grow and thrive. This course is ideal for parents/caregivers of an infant who will soon start eating solids or who have recently started.

M | June 21 | 6-8 p.m. | \$60 | WSU Davis

MEDITERRANEAN DIET FOOD PREP

WILLIAM SOULE

Class four of the series

Learn the basics of the Mediterranean diet and its health benefits. Make simple, healthy recipes in class and take home new skills and ideas.

M | June 28 | 6-8 p.m. | \$60 | WSU Davis

EXPERT GARDENER CERTIFICATE (SERIES OF 4)

MINDY MORTENSEN

Learn from a professional botanist

about how to become an expert gardener. This four-class series includes Growing, Using & Preserving Fresh Herbs; Gardening: Prep & Preservation; Design Your Own Backyard Paradise and Organic Gardening & Permaculture. Complete at least three classes to earn your Expert Gardener certificate. Register for each session individually, or take all four classes at the reduced price of \$217.

Th | June 10-Aug. 19 | 6:30-8:30 p.m. | \$217 | Online

GROWING, USING & PRESERVING FRESH HERBS

MINDY MORTENSEN

Class one of the series

Learn to select, grow, preserve and use fresh herbs that do well right here in Utah. Enjoy their aroma, beauty, taste and nutrients.

Th | June 10 - June 17 | 6:30-8:30 p.m. | \$59 | Online

SUMMER GARDENING: PREP & PRESERVATION

MINDY MORTENSEN

Class two of the series

Create a beautiful and productive garden by learning what to plant, when to plant, how to improve your soil, how to conserve water and how to fight insect damage.

Th | June 24-July 8 | 6:30-8:30 p.m. | \$79 | Online

DESIGN YOUR OWN BACKYARD PARADISE

MINDY MORTENSEN

Class three of the series

Turn your backyard into a beautiful paradise.

Bring in pictures of your existing landscape, and get ideas for how to update your landscaping plan. Learn about basic design, drawing to scale, landscape software options and plant types.

Th | July 15-July 29 | 6:30-8:30 p.m. | \$79 | Online

ORGANIC GARDENING & PERMACULTURE

MINDY MORTENSEN

Class four of the series

Learn how to start an organic garden in your own backyard, and begin growing greens. Explore the basics, such as how to compost, prepare soil and choose the right plants.

Th | Aug. 5-Aug. 19 | 6:30-8:30 p.m. | \$79 | Online

How to Become a
Freelance Writer

See page 10

TAKE ONLINE, SELF-PACED COURSES.

Earn badges to prove your knowledge. Enhance your tech cred.

WSU offers affordable courses in computer literacy, programming basics, and SQL.

Basic Programming Concepts

Discover the foundational concepts of computer programming. Prepare yourself to further explore the programming field.

Computer Literacy Courses

Expand your computer knowhow with self-paced, online instruction on anything from the basics of computer use to advanced spreadsheet creation. Take as long as six months to finish courses.

How Programming Works

Understand the basic features of different programming languages and frameworks. Examine the process of translating real-world problems into programming requirements.

SQL Beginner

Delve into the basics of the SQL programming language. Learn to create various commands. Work with databases and tables.

SQL Intermediate

Learn to create subqueries, advanced subqueries, advanced joins and union queries. Find out how to use keywords such as IN, EXISTS, ANY and ALL to link queries.

Visit weber.edu/csbadges to learn more and register.

JOB & LIFE SKILLS

YOU, TOO, CAN DO VOICE-OVER VIDEOS

CATHI COLAS, SUCHAVOICE
MASTERCLASS INSTRUCTOR

Begin using your speaking voice for commercials, films, videos and more. In this introductory class, you will learn about a unique way to break into the creative, fulfilling and potentially lucrative industry of voice-over work. Voice-overs can be managed on your own terms, on your own turf, in your own time and with minimal overhead! Whether you choose to pursue voice-overs part time or full time, this could be the game-changer you've been looking for.

Th | June 24-July 8 | 6-8 p.m. | \$89 | Online

START & RUN A HOME-BASED LEARNING VENTURE

ANNETTE WASDEN

Learn to design, structure, and create a home-based learning center for young children. We will start with the basics, including state licensing, taxes and write-offs, opportunities for grant scholarships and employee management. In class, you will examine the importance of a comfortable environment, structured curriculum and healthy meals, and pick up tips for developing all of these.

W | Aug. 4-25 | 6:30-8:30 p.m. | \$69 | Center for Continuing Education

MICROSOFT OFFICE SKILLS (SERIES OF 3)

GEORGE BAZAES

Develop and improve your skills in Microsoft Office's Word, Excel, and PowerPoint. Register for each session individually, or take all three classes for the reduced price of \$199. You must have basic computer operation and typing skills for these classes. Need those skills? Enroll in Computer Basics, found on page 10.

Th | June 17-Aug. 19 | 6-8 p.m. | \$199 | Online

MICROSOFT WORD

GEORGE BAZAES

Class one of the series

Learn basic Microsoft Word skills including creating, editing and retrieving documents; copying, pasting and formatting text; inserting and placing graphics; spell checking, saving and printing documents; and more. Some experience with Word is recommended. You will need access to Microsoft Word software for this course, and you will need basic computer operation and typing skills. Need basic skills? Enroll in Computer Basics, found on page 10.

Th | June 17-July 8 | 6-8 p.m. | \$99 | Online

MICROSOFT EXCEL

GEORGE BAZAES

Class two of the series

Learn how to use Microsoft Excel effectively for any project. Explore tools to organize information and create mathematical formulas, graphics, macros and much more. Some exposure to Excel is recommended, but all skill levels are welcome. You will need access to Microsoft Excel software for this course, and you will need basic computer operation and typing skills. Need basic skills? Enroll in Computer Basics, found on page 10.

Th | July 15-29 | 6-8 p.m. | \$79 | Online

MICROSOFT POWERPOINT

GEORGE BAZAES

Class three of the series

Learn how to make exciting slide-to-slide transitions and other attention-grabbing PowerPoint techniques. In addition, discover how to include videos and link to the web. Some experience using MS PowerPoint is recommended. You will need access to Microsoft PowerPoint software for this course, and you will need basic computer operation and typing skills. Need basic skills? Enroll in Computer Basics, found on page 10.

Th | Aug. 5-19 | 6-8 p.m. | \$79 | Online

INTRO TO QUICKBOOKS

JAUNETT PORTER

Take charge of your home or small-business finances by getting firsthand experience with the QuickBooks accounting software. Find out how to create company, customer and vendor files; manage payments and invoices; and generate reports, all while learning basic accounting terms and principles. You must have the QuickBooks software. Visit weber.edu/communityed for info on how to pick up your provided workbook and obtain a free software trial.

W | July 7-28 | 6-8 p.m. | \$89 | Online

PERSONAL FINANCE: LEARN TO INVEST

REBECCA HERBST

In this course, you'll learn all the skills you need to invest and manage your money on your own. Learn how to invest in stock and bond funds and create a financial plan using tax-advantaged accounts (401k, IRA, 529, HSA). This course is for beginners and existing investors who want to streamline their personal finance strategy. Students should have basic math and computer operation skills.

M | June 7-14 | 7-9 p.m. | \$49 | Online

A BIT ABOUT BITCOIN & OTHER CRYPTOCURRENCY

DAVE TAYLOR

One night only! You've heard about Bitcoin, but you're not sure where to start. This class is for you. You'll be able to answer deceptively tricky questions like, "What is money?" (We think we know, until we don't!) Then we'll go from there and delve into even trickier questions:

What is Bitcoin, then? Is it money? Is it "real"? How does Bitcoin work? What's a blockchain? What's with the "crypto" in cryptocurrency? How can you use Bitcoin?

Finally, once you know the concepts, we'll talk about the practical aspects of Bitcoin: How do I buy some? How do I spend it? What are my next steps?

Th | Aug. 5 | 6:30-8:30 p.m. | \$25 | Online

WRITING & ILLUSTRATING

SELF-PUBLISH YOUR BOOK USING AMAZON

JOY RICH

Explore all the steps involved in

self-publishing using Amazon's Kindle Direct Publishing, from setting up your Kindle account to working with compatible browsers. We will cover ISBN numbers, book layout, paper color, cover design, global marketplaces and more. Learn tips to make the publication experience more enjoyable.

T | July 13 | 6-8 p.m. | \$49 | Online

CHILDREN'S BOOK ILLUSTRATION & DESIGN

JOSHUA PETERSEN

Capture children's imaginations through

imagery. Explore how to translate text to accurate illustrations through storyboarding, character design, style and format. Explore professional software used to create an e-book, and get tips on how to promote your work and collaborate with authors. *This class is recommended for individuals ages 16 and up.*

Th | May 27-July 15 | 6:30-8:30 p.m. | \$119 | Online

HOW TO BECOME A FREELANCE ILLUSTRATOR

JOSHUA PETERSEN

Improve your illustration skills and create a

marketable style that will attract attention and clients. Participate in hands-on exercises that teach you how to illustrate a dynamic composition, create an online presence and find clients in today's social media-centric world. Have your sketch pad, pencil, eraser and up to three of your own compositions handy. *This class is recommended for individuals ages 16 and up. All skill levels are welcome.*

T | July 13-Aug. 17 | 6:30-8:30 p.m. | \$99 | Online

Looking for
Microsoft courses?

See page 9.

YOU, TOO, CAN BE A FICTION WRITER

ALYSIA KNIGHT

Learn ways to put your thoughts on paper and navigate the world of

writing and publishing young adult and romance novels. Explore topics such as plot, character development and more.

T | July 6-Aug. 10 | 7-9 p.m. | \$89 | Center for Continuing Education

TECHNOLOGY

RESIDENTIAL SOLAR: WHAT'S RIGHT FOR ME?

JACOB CAIN AND JUSTIN OWEN

One night only!

Residential solar can

be an excellent investment. Come learn what makes these projects tick. We will cover solar panel physics, how utility rates work, what the economics look like and what to consider during self installation or hiring a contractor. At the end of this class, you will be able to make an informed decision about solar for your home.

W | June 23 | 6-9 p.m. | \$25 | Online

HOW TO SAFEGUARD YOUR KIDS' CELL PHONES

AARON NYBO

One night only! Learn the latest techniques

for tracking your kids' cell phone use, blocking undesirable sites, limiting screen time, controlling apps and more. Have your phone nearby for this class.

Th | Aug. 12 | 6-9 p.m. | \$25 | Online

COMPUTER BASICS

AARON NYBO

In this beginner-level computer class, learn to power on, reboot, and add hardware

and software. Explore the fundamentals of Wi-Fi, creating an online calendar, email and cloud storage. Familiarize yourself with online and desktop software. *This course would be excellent preparation for the Microsoft Office series on page 9.*

T | Aug. 3-31 | 6:30-8:30 p.m. | \$89 | Center for Continuing Education

YOUTH

SIMPLY CODING (ONE-YEAR COURSE ACCESS)

SETH IORG

Whether you're young or young at heart, learn

how to code your own computer games, websites and apps through this self-paced, interactive, online curriculum. Take four levels of coding classes. Get 24/7 access to lessons and mentoring for one year. After completing the program, be ready to enter Advanced Placement and concurrent enrollment computer science classes with a custom work portfolio. *This class is recommended for individuals ages 11 and up. Prior coding experience is not necessary.*

At your own pace (start anytime) | \$99 | Online

JAVASCRIPT GAME DESIGN DAY CAMP

Take part in a three-week day camp that ends with you showing off what you learned in

a fun competition. The first two weeks focus on JavaScript coding, then create your own game and compete! Here's the description of each week:

Game Creators: Level 1

Learn how to code games using JavaScript and play them in a web browser. No prior coding experience is necessary. Lessons will walk you through coding your own pong game and fish game! Each lesson will introduce a new JavaScript concept using fun interactions. Next, practice JavaScript in an in-browser text editor. Finally, you'll be ready to add new code to your game step-by-step and save it on your computer.

Game Creators: Level 2

The fun continues as you dive deeper into JavaScript. Learn new JavaScript coding techniques as you code your own side-scrolling game! Make your player jump, shoot lasers, avoid enemies and more as you create fully playable levels. This camp gives you more knowledge and resources to prepare for our game design competition!

Game Creators: Competition

Go through a planning stage, design stage and a coding stage as you see a custom game come to life. Games will be judged on a point system, awarding points for completing various criteria. Fun prizes will be awarded to all the winners!

Two options:

M-F | July 12-30 | \$199 | 10 a.m.-noon | Community Education Center

M-F | July 12-30 | \$199 | 2-4 p.m. | Center for Continuing Education

THREE-WEEK GAME DESIGN DAY CAMP

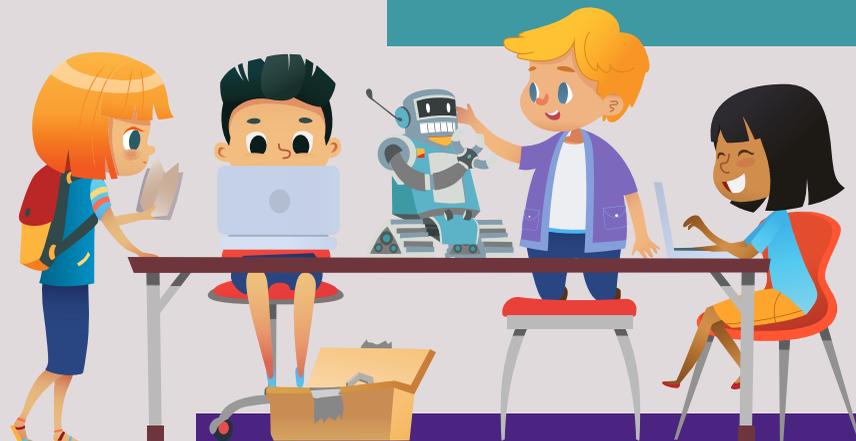

NO PRIOR CODING EXPERIENCE NEEDED!

**Only
\$199**

Week 1: Learn to code simple video games using JavaScript.

Week 2: Level up to coding a side-scrolling video game.

Week 3: Battle it out with other young game designers in a competition!

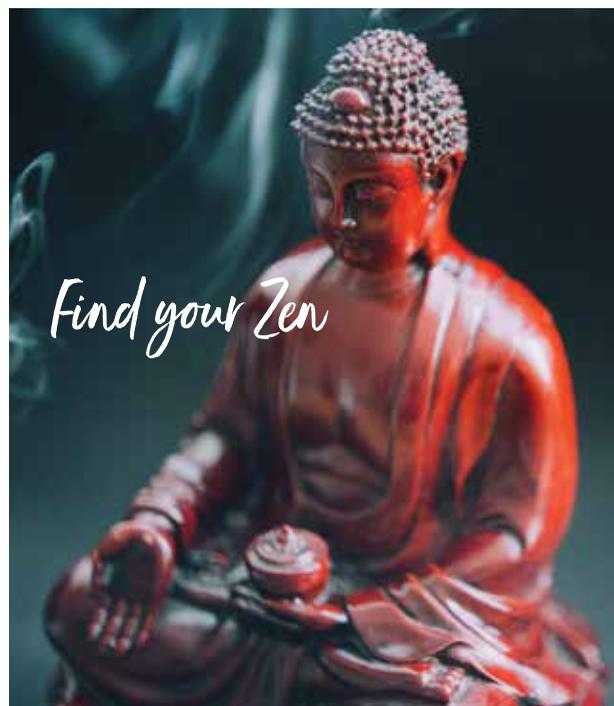

Two Options:

M-F, July 12-30, 10 a.m.-noon at the
Community Education Center, Ogden

M-F, July 12-30, 2-4 p.m. at the
Center for Continuing Education, Clearfield

Summer Beekeeping

WEBER STATE UNIVERSITY
Division of Online & Continuing Education

We can't wait to see (the top of) your face!

While we are still offering classes online, WSU Community Education is excited to offer in-person courses this summer, including:

- How to Make & Upload YouTube Videos
- Summer Beekeeping
- Start & Run a Home-based Learning Venture
- Computer Basics

These exciting courses are best offered in person, but we'll need your help to keep everyone safe.

- Wear a face covering indoors.*
- Practice good hygiene.
- Stay six feet apart.
- Stay home if you're sick.

* Face coverings are required inside all WSU facilities. For more tips on helping us all stay safe from COVID-19 (coronavirus), visit weber.edu/coronavirus. For details on community ed courses, visit weber.edu/communityed.
